

# TRAFFIC CONTROLLER 1 (TC1) AND TRAFFIC MANAGEMENT IMPLEMENTER 1 (TMI1) COMBINED COURSE

V-NT-2024-01

- RIIS00058 - Traffic Controller Skill Set for Urban Streets and Low Volume Rural Roads (TC1) &
- RIIS00060 - Traffic Management Implementer Skill Set for Urban Streets and Low Volume Rural Roads (TCM1)

Units of Competency included in course:

- RIICOM201E Communicate in the workplace
- RIIWHS205E Control traffic with stop-slow bat
- RIIWHS206 Control traffic with portable traffic control devices and temporary traffic signs
- RIIRIS301E Apply risk management processes
- RIIWHS302E Implement traffic management plans
- RIIWHS303 Position, set up and program portable traffic control devices

## COURSE OVERVIEW

The combined skill sets provide the skills and knowledge required for those responsible for traffic control and traffic management implementation on Temporary Traffic Management Category 1 environments (Urban Streets and Low Volume Rural Roads) as described in the Austroads Guide to Temporary Traffic Management.

## COURSE CONTENT

- Control traffic with temporary traffic control devices.
- Communication techniques using equipment and systems.
- Identify and assess risks by implementing risk controls.
- Plan and prepare to implement traffic management plans.
- Set out and monitor traffic guidance scheme
- Position, set up and program portable traffic control devices.
- Operating portable traffic control devices and using signs to control traffic.
- Shut down work activities and remove portable traffic control devices and signage.

## COURSE OUTCOMES

On successful completion of the assessment, learners will be issued with:

- Statement of Attainment issued by Workzone Training.
- TTM ticket issued DIPL (Department for Infrastructure, Planning and Logistics)

## ENTRY REQUIREMENT

- All learners must be 16 years or older and will be required to provide photographic identification upon arriving for their course.
- Learners must hold the unit CPCWHS1001 Prepare To Work Safely In The Construction Industry or its equivalent unit.
- Ability to read, write, speak basic English
- Learners are required to be reaccredited every 3 years.

## LEARNER REQUIREMENTS

- Have a valid Photo ID. (i.e. Australian Drivers Licence, Passport or Proof of Age Card). Mandatory for accredited courses.
- Must have a valid USI to be issued the Statement of Attainment.
- All information regarding the USI is found at [www.usi.gov.au](http://www.usi.gov.au)

## PERSONAL PROTECTIVE EQUIPMENT

- Enclosed, safety footwear, long pants and long-sleeved shirts with hi-vis are required.
- Other sites may have other requirements which will be confirmed at the time of booking.
- Failure to wear correct PPE may prevent the participant from completing the practical training and/or assessment.

## DELIVERY & ASSESSMENT

The units of competency comprise both theoretical and practical components.

### TC1

Learners are required to complete a minimum of 20 hours of practical training work experience in a Temporary Traffic Management workplace and record evidence in the log book provided.

Once you have completed and submitted your logbook and not before, commence TMI1.

### TMI1

A practical assessment is to be undertaken after the practical experience is gained. Practical experience requirements of implementing traffic management plans must be completed on declared Temporary Traffic Management Category 1 roads within at least six months of completing the theoretical component.

On completion of the work experience and Log Book requirements and partial Practical experience requirements, Learners are required to complete an on-site assessment coordinated by Workzone Training.

Learners will be assessed on their traffic control skills and implementation of 3 different traffic management setups.
